Dr. Deepak Chaudhary

Director

Arthroscopy and Sports Medicine Centre

BLK Super Speciality Hospital, New Delhi

Dear Associates,

It gives me immense pleasure to share with you all that eminent Orthopaedician Dr. Deepak Chaudhary is now a part of BLK Super Speciality Hospital, New Delhi as Director of Arthroscopy and Sports Medicine Centre. Dr. Chaudhary is a pioneer in sports injury treatment and is credited as the main force behind the conceptualisation, subsequent commissioning and operationalisation of the Sports Injury Centre at Safdarjung Hospital, a first- of- its- kind in India.

It is an honour to have Dr. Deepak Chaudhary along with Dr. Shiv Chouksey as part of the team to spearhead BLK Centre for Arthroscopy and Sports Medicine. Apart from world-class rehabilitation services for sports and related injuries; the Centre will also provide minimally invasive surgical options (Arthroscopy) to ensure rapid recuperation.

Highly acclaimed in the field of shoulder surgeries, the new team has to their credit the distinction of being the first to introduce Double-Pulley Double-Row Rotator Cuff Repair in India. Their treatment modality is based on a multidisciplinary approach, backed by immense experience, powered with years of research and in-depth knowledge of the subject.

I am also very pleased to inform you that BLK Super Speciality Hospital was recently awarded the prestigious Joint Commission International (JCI) accreditation, which is considered as the gold standard for hospitals worldwide.

Your continued support has been a driving force that keeps inspiring us to move further ahead in our journey. We look forward to your continued patronage and hope our fruitful association will bring more rewarding achievements in the coming years.

With Best Wishes,

Dr. Mradul Kaushik

Director – Operations and Planning

BLK Super Speciality Hospital, New Delhi
